TESTIMONIALS

“ Although no one likes to reduce their workforce, our company and our former employees have been extremely pleased with the services Meridian provides. Prior to Meridian, we used a national outplacement firm. Feedback from our former employees on the quality, level of service, passion and dedication that Meridian provides is exceptional and far superior to that provided by our previous vendor. Our former employees are pleased to have consistent unlimited support and serviced until they are placed, therefore no costly monthly extensions for our company. If your business has the unfortunate occasion to down size, try Meridian. You won't regret it and your former employees will appreciate you for it.

Charmaine Nephew, VPHR, tesa tape, inc.

About 10 years ago, I began a partnership with Meridian Resources to provide outplacement services that continues today. The results oriented model is creative and is delivered as promised. Separated employees have expressed their appreciation for our investment in their next position and stated that Meridian's model was fantastic. I always thank Meridian Resources for helping make an unfortunate situation much less worse. Great results!

I have had the pleasure of working with Meridian as both a vendor and an end-user. They have a relaxed coaching style that instills immediate confidence in the candidate. The career/life counseling skills as well as the involvement in corporate settings gives Meridian a breadth of experience, which they selflessly share with others. Their passion for their work is evident, and their forward thinking demeanor empowers clients to succeed. The Meridian coaches can always be relied upon as friends and mentors. What else can you ask for? ”

MERIDIAN'S OUTPLACEMENT APPROACH

THE SIMPLE TRUTH: THE PERSONALIZATION AND QUALITY OF OUTPLACEMENT SERVICES BEING PROVIDED BY MOST TRADITIONAL FIRMS CONTINUES TO RAPIDLY DECLINE.

Meridian Resources positively impacts people's careers and lives by removing the barriers associated with traditional outplacement offerings – time-limited programs, geographic limitations, and limited access to Coaching services. Meridian personalizes the transition process for Participants, so they leave your company with a positive perspective and a full appreciation of the services you offered.

OUTPLACEMENT, THE MERIDIAN WAY . . .

NO TIME LIMITS ON SERVICES

Meridian Resources offers Participants the luxury of full Outplacement Services with no time limits until they find their next career opportunity. With time-limited outplacement programs, benefits expire before most Participants find their next job. It's like getting fired twice!

NO COMMUTING REQUIREMENTS

Meridian Resources changed the model of how Outplacement Services are delivered. Research indicates that instead of the traditional "bricks and mortar" outplacement offices, Participants prefer the convenience of conducting their career search on their own timetable and typically from their home.

PERSONAL, DEDICATED COACHING

At Meridian Resources, a personal, dedicated Coach facilitates all services. Our Coaches take a proactive approach to partner with Participants and maintain regular interaction to ensure that individual needs are met. Participants can engage their Coach as often as they like, for as long as they need, to gain valuable advice, support, and motivation.

INTEGRITY BILLING

Meridian believes our Corporate Clients should be invoiced only for Participants who agree to enroll and engage in our service.

SERVICE GUARANTEE

If Participants find themselves back in the job market, after their services expire, they can resume service at no extra charge. This policy serves as insurance during the stressful time of starting a new job.

EMPHASIS ON OUTCOME

WITH NO TIME LIMITS, MERIDIAN HAS AN INVESTMENT IN ENSURING EACH PARTICIPANT REACHES A SUCCESSFUL CONCLUSION AND NEW OPPORTUNITY.

People who engage in outplacement services want one thing...a job. Unfortunately, all they typically get are impersonal group workshops and limited coaching that leaves them to do it on their own.

With a strategic focus of helping participants find a new job and life-changing transition coaching, Meridian facilitates successful outcomes for each individual.

WHAT MAKES MERIDIAN RESOURCES TRULY DIFFERENT FROM OTHER FIRMS?

COACHES TAKE AN ACTIVE ROLE HELPING PARTICIPANTS FIND A JOB THROUGH A STRATEGIC JOB SEARCH MARKETING PARTNERSHIP

At Meridian, each Coach takes a proactive role in helping every participant find and connect with viable opportunities to help them land a new job quickly.

Coupled with the standard offerings you expect from a career transition service, each Meridian Coach and the Meridian team are charged with making every effort to advance and accelerate the job search effort including:

- *Optimization of Resumes, Electronic Resumes, and Social Networking Profiles for search engines*
- *Introduction of participants to target companies through the Meridian DirectConnect™ program*
- *Generation of pre-qualified job leads for individual participants through the Personal Coach*
- *Identification of networking leads through Meridian's business network and customized research*
- *Marketing of participants to HR and Recruitment Professionals*

AFTER ALL, ISN'T A JOB WHAT THEY WANT?

The satisfaction of our Corporate Clients and Participants is paramount. We ensure integrity, believe in what we do and insist on holding ourselves accountable in all facets of our business.

At Meridian Resources, success is guaranteed.
